# Pedestrian Statistics

## 2023 Pedestrian Count

The results below are the sum of northbound, southbound, eastbound, and westbound pedestrian traffic on the intersection of Alisal St and Main St. They are automatically generated and there is a certain margin of error, so do not use this statistic as an exact figure.

Total Pedestrians = Total number of pedestrians counted.

Ave Monthly Pedestrians = Total Pedestrians/Number of Months included in the count.

Est Yearly Pedestrians = Ave Monthly Pedestrians \* 12.

Month	Pedestrians		Total
January	29,328	Total Pedestrians	199,536

# 2023 Event Attendance

All events are drawn from the SCCIA Master Calendar. Best effort is made to contact the event organizer to get attendance statistics, but data is not always received.

<b>Events Counted</b>	28
<b>Total Attendance</b>	31780

Events with multiple dates are averaged by the number of statistics received. For example, First Friday Artist Alley happens every month, and 4 statistics have been received. Oldtown Salinas Foundation Farmers Market occurs weekly, but at this time no statistics are provided. When more events are added, they will be reflected in the Count column. Attendance is the sum of all statistics. Average attendance is Attendance/Count.
